top 9 allergen-free baking mixes & kits

MADE IN RICHMOND, VIRGINIA

LILLY BEAN

Hello!

I founded LillyBean in 2016 to create gluten-free baking mixes based on my Grandma Lilly's recipes. As a trained Pastry Chef, my vision was to provide delicious, easy products that help families bake memories together, regardless of food allergies or dietary restrictions.

Today we feature **over 50 product options** to fit both everyday baking categories as well as seasonal/in+out displays. Our products are free of the top 9 allergens, manufactured in our own **Top 9 Allergen-Free** facility in Virginia.

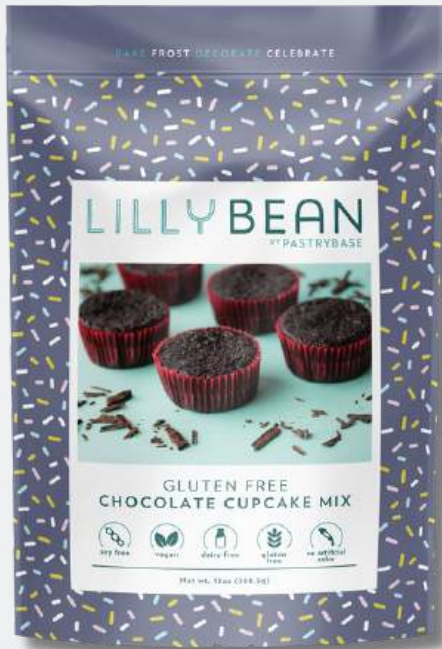

Our team is excited about partnering with you to share the joy of allergen-free baking with your customers!
