# We believe that *cookies* should be your **healthy-pleasure** rather than a guilty-pleasure.

Cookies should be baked with the finest ingredients of premium quality.

Cookies should be made from 100% real butter, with no fillers and zero trans fat. Transparency and quality should be the main factors when baking an honest product.

Cookies are meant-to-be enjoyed with your favorite cup of coffee, tea or glass of milk without worrying about the ingredients used. But instead simply wonder...

*how are they this good?!?*

As a family owned cookie-manufacturing company, Damo wouldn't bake anything we won't have at home and always looking to surprise our guests.

**Damo USA corp.**
